## OYAMA WILL MOVE ARMY FORWARD SOON.

Frequent Fighting Between Japanese Advance Guards and Cossacks.

Main Russian Army Concentrated at Tie Pass, Where Kourapatkin is Strongly Fortifying—No More News as to Condition of Affairs at Port Arthur—Japan May Have Warships Built on Pacific Coast.

(BY THE ASSOCIATED PRESS—P.M.)

ASSOCIATED PRESS HEADQUARTERS, NEW YORK, Oct. 4.—Frequent fighting between Japanese advance guards and Cossacks on the south front of Gen. Kourapatkin's army, reported in dispatches to the Russian War Office, is regarded as indicative of the near approach of a general forward movement by the forces of Field Marshal Oyama. It is estimated that since the battle of Liao Yang 40,000 of the Guards stationed in Western Russia have been ordered to the Far East. No more news has been received as to the condition of affairs at Port Arthur.

## SERIES OF SKIRMISHES.

ST. PETERSBURG, Oct. 5, 1:15 a.m.—[After Midnight Dispatch.] Official advice from the Far East given out this morning describe a series of skirmishes on the southern front of Gen. Kourapatkin's army, the importance of which lies in the fact that the Japanese are showing a disposition to press forward and feel out the Russian positions. Gen. Mischechenko's Cossacks in every case drove back the opposing forces. The activity of the Japanese outposts is doubtless intended to screen movements of their armies and therefore may be regarded as procuring symptoms of final preparations for an advance, which probably will begin within a week.

A special messenger has brought to the Emperor Gen. Kourapatkin's full report of the battle of Liao Yang. The messenger, who submitted to an interview, declares that the main army is concentrated at Tie Pass and that it is not likely Gen. Kourapatkin will make a determined stand at Mukden. Gen. Gripenberg, recently appointed to the command of the Second Manchurian Army, will be received by Emperor Nicholas at Peterhof today. It is understood that the Third Division of the Guards, stationed at Warsaw, is under orders to go to the front. This, with the Second Division of the Guards and the Rifle Brigade of the Guards, stationed in and around St. Petersburg, will make altogether about forty thousand Guards who have been ordered to the Far East.

There were recurrent rumors tonight of the fall of Port Arthur, but they have not the slightest foundation.

## JUNKS NOT BURNED.

AMMUNITION NOT LOST.  
(BY THE ASSOCIATED PRESS—P.M.)  
LONDON, Oct. 5.—[After Midnight.] The Japanese Legation here has issued a denial of the statement that seventeen junks carrying ammunition on the Hun River had been burned by the Russians.

The Daily Telegraph's correspondent at Chefoo reports that a fleet gale is raging in the Yellow Sea, and that the Japanese torpedo flotilla has been compelled to seek shelter after having sustained much damage.

## JAPANESE REPORT.

(BY THE ASSOCIATED PRESS—P.M.)  
TOKIO, Oct. 5, 9 a.m.—[After Midnight.] The Japanese report on the Changtun junk incident is in direct contradiction to the Russian version. The Japanese report says that September 30, forty or fifty of the enemy's cavalry attempted to burn a number of Chinese junks north of Changtun. The Japanese patrol on both sides of the Hun River fired on and dispersed the Russians. It is further stated that no Japanese ammunition is being transported on the Hun River above Changtun.

COSSACKS HOLD BACK JAPS. SAKHAROFF REPORTS REPULSE.  
(BY THE ASSOCIATED PRESS—P.M.)  
ST. PETERSBURG, Oct. 4.—The War Office has received the following dispatch from Gen. Sakharoff, dated October 3:

"At dawn of October 1, a squadron of Japanese cavalry twice attempted to break through the line of advance posts of Cossacks in the district between Khankuandua and Fengtigu. Both attempts were unsuccessful. Two squadrons of our cavalry reinforced the advance posts and the Japanese dispersed."

Toward noon the same day, one battalion of the Japanese advance guard, with two or three squadrons of cavalry, renewed the offensive movements against a regiment of Cossacks. The firing lasted until midnight. Gen. Mischechenko sent reinforcements to the aid of the Cossacks and toward evening the enemy was repulsed at all points, the whole line retreating.

LOCATE KUROKI AGAIN.  
(BY THE ASSOCIATED PRESS—P.M.)  
ST. PETERSBURG, Oct. 4, 5:42 p.m.—Again no news of fighting comes from the front, but some relief was manifested at the War Office by the receipt of information which definitely locates Gen. Kuroki's army, according to which he has not appreciably changed his position along the line from Bentshu to Bentshu.

RED CROSS MAGAZINE.

ATTACHES NOT ASSASSINATED.  
(BY THE ASSOCIATED PRESS—P.M.)  
PARIS, Oct. 4.—The Japanese legation has given out a statement denying the reports in French newspapers stating that the missing French and German naval attaches at Port Arthur, respectively Lieut. De Cuverville and Capt. Von Gillehenheim, were assassinated by the Japanese while leaving Port Arthur on a Chinese junk. The statement says that no such junk has been captured and that the most careful inquiries at Yokohama and elsewhere have failed to disclose the whereabouts of the attaches. The Japanese officials, it is said, are making the utmost efforts to locate the two officers, but, unfortunately, without result.

tion along the line from Bentshu to Bentshu. Gen. Noto still occupies the Yentai hills and Gen. Oku is to the west of the railroad. The Russian outposts are as far south as the Shakhe River, fifteen miles from Mukden. Field Marshal Oyama is reported to be with the Fourth Army, which at one time was understood to have attained considerable proportions. It now seems to be a small affair, not much over a brigade, and apparently is not destined to play an important role. Its mission probably is only to cause a demonstration on the Russian left.

## PERISHED IN FLOODS.

Twenty Persons Die in New Mexico.

All Sections of the Territory Have Not Yet Been Fully Healed from.

Seven Men Go Down With a Bridge Between Lexington and Purcell.

Colossal Damage is Done to Railroad Property and to the Crops.

(BY DIRECT WIRE TO THE TIMES.)  
DENVER, Oct. 4.—A Republican special from Santa Fe, N. M., says that reports being received there from different points in the Territory show that the loss of life in the floods that have occurred in the past week was greater than at first thought. At least twenty persons perished, and all sections have not been definitely healed from.

Ten Santa Fe passenger trains are tied up at Santa Fe tonight, but passengers are being sent east and west over the Rock Island and Southern Pacific roads, connection being effected through the Santa Fe Central, which resumed operations today.

LOST WITH THE BRIDGE.  
SEVEN OKLAHOMAITES DROWN.  
(BY THE ASSOCIATED PRESS—P.M.)  
OKLAHOMA CITY (Okla.) Oct. 4.—One man has been heard from, seven men are still missing and the names of six are known of the party of eight men who went down with the wagon bridge between Lexington and Purcell last night, at 9 o'clock, after battling with the swift rush of waters for many hours in their vain attempt to prevent the bridge from going. It being the only connection between the two towns, Judge Hooker, who lives at Hyers, near Lexington, the man heard from, but he can tell nothing of the other men. The names of five others known to have been on the bridge when it went down are:

—WOOLVER, manager of the oil mill at Purcell.  
—CLIFF COOLEY, a boy of Purcell.  
—WILLIAMS of Purcell.  
—CARNELL, near Lexington.  
—WILL C. TYLER, a boy of Lexington.

As all the telegraph and telephone wires in the south and southwest portions of Oklahoma and the southeastern part of the Indian Territory in the flooded districts are down, information is hard to get, but that obtainable is to the effect that the waters are receding. Another rise was reported tonight from Taloga, but it is thought if the water goes down at the present rate not much damage could be caused by a second rise. The Santa Fe depot at Purcell had four feet of water in it this morning, and tonight, it is said, is clear. Since last night, the Enid and Anadarko bridges in Caddo county; the Sapulpa-Denison division bridge of the Tri-County (I. T.) and the Choctaw bridge at Calva, (I. T.) have gone down.

Santa Fe trains coming into this city from the north go as far as Noble and come back. Trains east on the Choctaw division, go no farther than Golden north. No mails have been had for many hours, and it is not known when any can be had from these sections. The Rock Island has a large number of men west to repair its tracks and clear a way for the building of new bridges.

The extent of the damage done in the Territory cannot now be estimated, but it is colossal, and it will be many days before trains are running on anything like their former schedules.

SANTA FE WORKING.  
(BY THE ASSOCIATED PRESS—P.M.)  
TOPEKA (Kan.) Oct. 4.—The officials of the Santa Fe passenger department made the announcement tonight that they would be able to care for passenger traffic for the West. Arrangements have been made to detour the trains around the wabashos. "Stub" trains will be run on the regular schedule of the through trains, and as good accommodations furnished as possible.

The Santa Fe and Rock Island roads have lost many thousands of dollars in bridges destroyed. The railroads have received reports from their agents in the flooded districts of Indian Territory and Oklahoma that the damage to cotton and corn will be enormous.

noon at the Angelus to further the proposition to illuminate Spring street to its full length with electric lights or ornamental chandeliers. Representatives of the lighting companies and fixture manufacturers as well as the proprietors of the Jewellry Row Works, were present, and figures were quickly laid out in the afternoon. It was decided to present with the object of soliciting subscriptions from private owners on the basis of EL&A from front foot space to be used for the erecting and installing the chandeliers and to pay for the lighting for one year. The next day the proposition was put before a hankering for the glaring and unornamental arc lights on poles along the curbs, but the innaneity of these obsolete ornaments and sentiment precluded, and this character of lighting was decided on by vote. It was now proposed to accept to adopt the design for the Broadway lamp just as it is, and change, I finally decided on, subject to vote. This was not done.

**BURGARS' ARMED RETREAT:** A man and woman, identified as SANTA BARBARA, Oct. 4—An armed burglar discovered in the store of Thomas Cornwall & Son, made his escape tonight. It was scarcely dark when the burglar, dressed in a suit, slipped within their place. On entering the main room they saw a man lying on the floor. The man covered them with a gun and told them to get out. He called to the man, inquiring what he was doing, but received no reply. The burglar then took a small handgun, made his way out through the rear entrance and escaped. He took a car from the lot and drove off. The same store was burglarized about a month ago.

## THE CITY IN BRIEF.

### NEWS AND BUSINESS.

#### Postal Receipts.

#### Arrested for Theft.

William Peck was arrested yesterday afternoon at the instance of S. Baker, a Japanese barber on Alameda street. He says Peck entered his shop and took three \$5 gold pieces from a purse. He will be arraigned today.

#### Green Hay Heats.

Spontaneous combustion of a quantity of green hay in the barn of A. C. Huntington, No. 24 West Thirty-eighth street, at 6 o'clock last evening, caused a blaze which damaged the building and contents to the extent of \$100.

#### Pastor's Reception.

A reception will be given in honor of Dr. Robert McIntyre in the First Methodist Church on Friday evening, and no effort will be spared to make a great social success. There will be a number of brief talks and a response by Dr. McIntyre.

#### Endeavor Banquet.

During the meeting of the Christian Endeavor Institute in the First Congregational Church on Thursday, Friday and Saturday, a banquet will be held which it is expected will be a delightful affair. It will be at 6 o'clock on Saturday evening. Tickets being limited to 200.

#### Centurian Band.

The Young Men's Centurian Band of the First Congregational Church spent a pleasant evening and enjoyed a programme of music, college songs and refreshments. The members of the programme were a vocal solo by Mr. Morgan; guitar solo by F. L. Beach; violin solo by Robert Bacon assisted by C. A. Putnam; mandolin and guitar duet by Messrs. Crowell and Beach.

#### Woman's Auxiliary Services.

Tomorrow morning at 10 o'clock a service will be held in St. Paul's Cathedral for the Women's Auxiliary of the diocese of Los Angeles. In sympathy with the triennial services of the Woman's Auxiliary, which will be held in Boston at the same time. There will be an address by one of the clergymen of Los Angeles, and representatives of the various parishes will be in attendance.

#### Dead Teacher Monored.

The funeral of Mrs. Mary S. Cummings, lady principal and associate Latin professor of Occidental College, took place in the new chapel Monday afternoon. Owing to the suddenness of her death none of her relatives were able to attend. Several selections were rendered by a double quartet of college students. The service was addressed by President Guy W. Wadsworth, Dr. Franklin P. Berry, Prof. J. C. Templeton, and Rev. Dr. Hugh K. Walker. The interment was at Rosehill.

#### Rebekah Anniversary.

The twentieth anniversary of the founding of the Rebekahs was observed last night by Arbor Vitae Lodge, in Odd Fellows Hall on South Main street. A reception was tendered the three remaining charter members, Mrs. Crow, Charles Tate and Mr. Livingston. They were presented with emblems of the order by Arbor Vitae Lodge. Past President John Benjamin making the presentation speech. A programme was rendered, which included an original poem by Mrs. Della Wheeler. At the close refreshments were served.

#### To Act Jointly.

The San Fernando Valley water question, raised by the recent flooding of the city against the ranchmen of the valley, is to be taken up jointly by committees of the Merchants and Manufacturers Association, Chamber of Commerce and the Municipal League. The committees will meet together this week and confer with regard to drawing up a set of resolutions bearing on the subject at issue. The committee composed of Mr. M. and M. consists of R. W. Frickham, A. A. Hamburger and H. A. Frank. The Municipal League committee will probably be announced today.

#### Firemen Will Entertain.

For the purpose of showing their appreciation of the much-improved fire protection given the city by the placing of a steamer there, the citizens of Pico Heights have arranged a reception and banquet to be held at the No. 13 engine-house, Pico and E. Molino streets, tomorrow afternoon and evening. The reception will be held at 6 o'clock and the banquet at 8 o'clock. There will be a reception to the ladies, and visitors will be shown the fire apparatus and the engine. The evening the banquet will be held. Covers will be laid for more than one hundred. City officials and prominent citizens will be the guests of the firemen.

#### Amabary, Great Reciter.

The Imperial court gained prestige last night by the appearance of Wallace Bruce Amabary, the reciter. He possesses a splendid voice and knows how to tell it without overdoing the parts, and carried the audience away last night. He is so versatile that it would be difficult to say where he is best, but as a faithful representation of the real thing, it is doubtful if he has anything better than his selections in French-Canadian dialect. Mr. Amabary is more than a reciter—he is an actor; there was a charm about everything he said, and his audience sat in dead silence or was convulsed with laughter, just as he willed it.

#### Houses and Lots.

D. E. Moss has purchased of C. C. Clostin, through the agency of Althoff Bros., an unimproved lot 50x170 feet, on the east side of Bixel street, 150 feet south of Sixth street, and buyer will improve with a fine two-story frame residence, which will make the total cost of the home \$2500. Mrs. O. P. Posey has sold to W. M. Garland 50x250 feet unimproved, on the northeast corner of Figueroa and Adams streets; consideration not named. The strip, 62x25 feet, on the north side of Adams street, 250 feet west of Figueroa street, formerly owned by E. T. Vinton and J. S. Le Sage, is said to have been acquired by buyers represented by grantee named.

#### Hurt in Runaway.

Mrs. Gustaf Harmon of No. 1212 Rans 48 avenue was thrown from a buggy in a runaway last night on Figueroa street near Thirtieth, and sustained painful injuries. Accompanied by her husband, who was driving, Mrs. Harmon started in a buggy for the circus grounds. Near Twenty-eighth street an automobile frightened the horse, which ran, and suddenly turned. Both occupants were thrown against a telephone pole. Harmon escaped with a few bruises. The victims of the accident claim the automobile suddenly turned on the heavy exhaust while coming up from behind, apparently trying to frighten the horse. After causing the trouble the automobile turned on Twenty-eighth street and disappeared. Courteous Collision.

On South Spring street yesterday morning car No. 269 of the Los Angeles Railway Company ran into the hub of F. B. Wilson's automobile, No. 296. There were no words, no excitement, and the business as usual was conducted in very much the same way as courtesies of old arranged for a duel. The conductor stepped from his car and said Wilson as he jumped out of his

automobile. Each drew a pencil and paper from his pocket, names and numbers were exchanged, the men saluted again, and parted, perhaps to meet again in a legal duel. Two taps of the bell and the car moved on, a turn of the crank and the automobile also started, and the crowd melted away.

#### Circus Tumbler.

While watching the circus performance yesterday afternoon W. Rody, a Prescott (Ariz.) mining man, leaned too heavily against the back of one of the reserved chairs, and it suddenly snapped, throwing him to the ground from one of the top rows of seats. Rody sustained a fractured arm and rib, and was sent to the Receiving Hospital.

#### Telephone Freak.

If your telephone is out of order and you are at a loss to find what's wrong, do not send too hastily for the trouble man. When West 38th, at the home of M. Hunt No. 124 Vermont avenue, got out of order the trouble department worked hard to find the cause, but were made in every way possible without result. When the workmen were about to put over the cable, the cause of the trouble was found. The telephone box was found to have come in contact with the wires of an electric short circuit. The result was that the "busy" sign was registered at the office, and the phone was placed on the hospital board. Removing the scissors repaired the damage.

#### Want Supervisors to Act.

A committee representing the citizens who met in mass meeting at Garvanza to protest against the nuisance created by the Lowe gas works in the Arroyo Seco, was drawn up a set of resolutions addressed to the Board of Supervisors, urging that body to take definite action at its meeting on the 15th inst., toward suppressing the nuisance. The resolutions set forth that a large body of citizens are present at the meeting of the Supervisors, September 25, and that the matter was put over because of the absence of the attorneys of the Lowe gas works, "much to the disappointment of the citizens." The resolutions close with the statement that they "express the sincere sentiment of an earnest constituency whose patience is being sorely tried." The resolutions are signed by William L. Jackson, chairman, and B. H. Donnell, secretary.

Defender of Innocence Assailed by Brother of a Girl He Sought to Warn.

The experience of a special officer A. W. White, who is in charge of the yard at Braun's drug establishment, is a lesson on the ingratitude of man and the rocky road the defender of innocence must needs travel.

On Monday, White says, he was told that three young girls had been seen entering a notorious resort on New High street in the rear of the drug house, and known as the Europa Villa House. He watched for them and fifteen minutes later when he saw them come out, he approached them to warn them against going there, and if possible learn who had induced them to enter the place.

One of the girls began to cry, supposing that she was under arrest, and in a tone of voice that at that moment he heard of one of Cudahy's wagons. The girl may have thought it a happy termination of her trouble, but it may be only the beginning, and as for White, he realizes that a "special" doesn't always tread on beds of roses.

White, who is in charge of the yard at Braun's drug establishment, is a lesson on the ingratitude of man and the rocky road the defender of innocence must needs travel.

# PUBLIC SERVICE OFFICIALS IN THE PROCESS OF DISSOLUTION.

## SUMMARY OF THE DAY.

A delegation of mothers whose children attend the Seventh-street school yesterday, while protesting against a saloon license granted at No. 201 East Seventh street.

Homer Lee yesterday made application for permission to maintain a shooting gallery in Chinatown, in which to train a company of Chinese recruits to shoot straight.

Local oil men assert that Tryon & Brain are delivering Bakfield oil, to be used on the city street. They claim it is a violation of the impelled terms of the contract with the city.

C. D. Young, the eccentric old man who tried to shoot his neighbor, was arrested yesterday for insanity.

Gen. M. H. Sherman was sued on an old warrant about an Arizona cattle ranch, which ranch has gone to the Supreme Court of the United States and back again.

## AT THE CITY HALL.

**MOTHERS GO TO THE RESCUE.**

**NO SALOONS WANTED ON EAST SEVENTH STREET.**

Commissioners Keeney and Lang gave badly in words with the Seventh Ward Women Who Object to Gregory Near Schoolhouse and Children's Playground.

Police Commissioner Keeney yesterday morning attempted to argue with a delegation of mothers from the lowlands of the Seventh Ward.

The Mayor and the Chief of Police stopped the mill in time to save Keeney, who was taking the count.

Commissioner Keeney challenged the voters, but failed little better than his brother commissioner. Then the Mayor ruled that both commissioners were down and out, but agreed that there should be a return match, to be fought to a finish in the commission rooms at the City Hall in just two weeks.

"If you don't revoke that license," he'll bring Councilman Kern up to his next time. He'll tell you what's what," was the women's parting shot.

The Mayor ducked and dodged, smiling. "Bring him along. We can decide this matter without his assistance," he will be welcome.

The occasion for this pyrotechnic display was a protest on the part of the Board of Education, the Children's Playground Commission and mothers and fathers living in the vicinity of East Seventh and Mateo streets, against the establishment of a saloon at No. 201 East Seventh street.

The Mayor & Keeney have been attempting to plant one of its saloon licenses at this locality for over a year. Property owners have always objected and the protest has been joined by the Board of Education, the Children's Playground Commission and mothers and fathers living in the vicinity of East Seventh and Mateo streets.

The request was made that the protest be kept among the commission rooms at the City Hall in just two weeks.

**OLD SHOOTER ALLEGEDLY CRAZY.**

**YOUNG RANTS IN COURTROOM ABOUT HIS TROUBLE.**

**Man Who Fired Through Neighbor's Trousers Trying to Kill Him, Makes Scene—Demands Jury Trial and Says He Is Persecuted by Those Living Near.**

C. A. Young, the eccentric character who attempted to kill one of his neighbors because he claimed chickens strayed to his paddock, was yesterday before Judge Wilbur.

The old man ranted in the courtroom. When his case was called Young was wearing a newspaper. He looked up surprised and went forward to the table where the judge sat.

He was looking for trouble right away.

"Your Honor," he said, "I think I ought to be entitled to a jury trial."

He believed that he was entitled to a jury trial under the law.

"Why am I not entitled to a jury trial?" he asked.

"You are entitled to a jury trial," the judge said.

"I am the victim of persecution," he said.

"On one side of me lives a laborer," he said.

"On the other side of me lives a laborer," he said.

"I now see to have been a mistake," he said.

"Another thing is that I am an independent voter," he said.

"I tried to make him sit down," he said.

"He bobbed up again and shouted," he said.

"I used to have a gun, which I now see to have been a mistake," he said.

"His trial was set for today," he said.

**SHERMAN SUED.**

**OLD FIGHT BEGUN AGAIN.**

Gen. M. H. Sherman was sued yesterday by a man who thinks the general not much on managing cattle ranches.

The fight between Sherman and the plaintiff, John M. Ward, has already gone to the Supreme Court of the United States, and is being ordered to go to the Supreme Court of the United States.

It seems that Sherman was the owner of a man named Hardenberg, who was a cattle rancher.

"The Sun Flower Cattle Range" in Maricopa county, Ariz., became involved.

In the Arizona courts Sherman was declared to be the owner of the range.

Ward turned over the stock to him, but carried the case up to the highest court in Arizona.

At this trial Ward got judgment against Sherman for \$250,000.

quantities. Of course the movement of retailers is not heavy at this time, although the city may extend to them. It is thought the heavy holdings of meat in packers' hands which was put up in anticipation of the recent strike, has become burdensome, especially since the strike has failed to hold out. That stock promise to be lower than for many years.

**GOES EAST.** C. P. McFarland, city salesman for the J. E. Cook Mercantile Co., left yesterday for a three months' business trip, which will take him to New Orleans, New York and Chicago.

**REMOVED.** Fuller Leighton & Co., representatives in the local office of the Hutchinson (Kan.) Salt Co., have removed from Los Angeles street into new quarters at No. 323 East Third street.

**SUGAR NEWS.** Arbuckle quotes a decline of 10c per 100 on sugar from the New York office, which may have an effect on local conditions toward the latter end of the week.

**MILK ADVANCES.** An advance of 5c per dozen has been announced by some of the leading private brands of condensed milk by the manufacturers. Up to this time milk has been unsteady, but seems rather firm now.

**BEANS.** Orders for the new-crop pink beans are coming in fast with no stocks in local hands to fill orders. For this reason pinks are quoted at firm prices.

**CHEESE GOING UP.** The market for cheese has declined a few points from the advances yesterday on young America and hand cheese, of 5c per pound.

**CITRUS MOVEMENT.** The railroads moved only 1 carload of oranges, and no lemons, yesterday and Monday, making the total to date for the season of 27,414 carloads.

**LOCAL PRODUCE MARKET.**

The Produce Exchange made no change Tuesday morning, the advance in cheese coming after the usual morning call.

Eggs are reported in a very firm position, with plenty of eastern to fill orders, but the usual scarcity of fresh ranch.

Butter moving along nicely, with no appreciable change in conditions. Prices are very firm, owing to stock being withdrawn from storage.

Cauliflower has been moving moderately, although heads are in conditions. Prices are around \$1.50 per dozen. As soon as a more liberal movement begins prices will assume a normal tone.

No changes in strawberries, which are not in heavy supply. Blackberries are more freely offered, although prices seem harder.

Cranberries are moving freely at unchanged prices. Stock holding up very firm.

Apples are unchanged. Supplies are heavy and trade in brisk. Julian district apples are beginning to arrive in this market. Oranges seem to be preferred owing to beautiful color and soundness of the fruit.

Poultry is coming in quite plentiful just at this time, owing to increased demand. No change in prices for buying and selling, however.

## TRIED TO DRAG MAN TO DEATH.

### BARSTOW CATTLEMAN'S METHOD OF REMOVING A CREDITOR.

Roped Him With a Rattle and Then Ran His Horse—Mexican Who Murdered His Colton Rival Willing to Plead Guilty—Proposition to Form New County.

SAN BERNARDINO, Oct. 4.—Deputy Sheriff Hanson, who arrived from Barstow today, brings a story of an attempt to commit murder in an unusual manner. The officer says that a man named Herick, in order to get out of paying an employee, roped him about the neck and attempted to drag him to death. Only the victim's quickness in slipping his hands between the rope where it had circled the neck, prevented the success of the scheme.

The officer said in custody Herick, a man named Hartman, a well-known Mojave rancher, who had been arrested on complaint of Peter Herick, who charged him with assault with a deadly weapon. Herick is said to have driven off two cows belonging to Hartman, and on refusing to let Hartman separate his stock from the rest of the drove, Hartman struck Herick over the head with a revolver.

"But this is not the last of the trouble," said the officer. "I will next arrest Herick on a charge of attempting to commit murder. Herick, whom he owed, will be the complaining witness. Herick rode out on the range, where he met his employer, a cowboy, and roped him, yanking him from his horse and dragging him at a gallop some distance. The cowboy managed to hold the noose, preventing it from choking him, and Herick gave up the job. Unknown to Herick, said officer, he was witnessed by a Santa Fe section gang. The cowboy is painfully bruised, and his hands are raw where he gripped the rope."

Hartman is notorious owing to a matrimonial mix-up in which he was involved, which sent him to the territorial penitentiary for seven years. He had lived with a woman as her husband and she deserted him, he alleged, five years when he married another woman. He amassed a fortune, which attracted the first woman, and she brought a bigamy charge against him. A short time before his release, a year ago, his first wife died, and on obtaining his liberty he returned here and was married again to his second wife, being duly restored to citizenship.

## MURDERER CONFESSED.

Claudio Aguilar, who shot and killed Pedro Chavez at Colton some time ago, having become infatuated with the latter's wife, admitted this morning in the County Jail that he wanted to plead guilty to murder in the second degree, remarking that he would rather take twenty-five or thirty years imprisonment instead of the gallows.

This news came as a surprise to the District Attorney and Sheriff, who supposed that the prisoner's stolid attitude that he would make a fight. He realizes that the evidence of his guilt is conclusive. He was working on the street as the latter was returning to his home with his family. The assassin, after trying to kill the dead man's son, confessed he had killed the man later by Luis Brooks of the Arizona Rangers.

VENTURA, Oct. 4.—There was an exciting runaway yesterday, in which the little son and daughter of W. S. Riley narrowly escaped death. They were in a cart in front of the house on Front street, when the horse took fright at an engine. The animal dashed up California street. The little girl, Hazel, jumped out early in the mad race, but the boy held on to the lines and guided the horse the best he could. The animal took a course toward the town and street an attempt was made to turn into that thoroughfare, but the horse took a shy at the corner and dashed through the town limits. The little girl, Hazel, was thrown from the cart and struck the house and threw the horse into a spin. The boy, who was in the cart, escaped unscathed, though thrown in the sudden stop.

### DEMAND FOR SAFEGUARDS.

Complaint has again been made at the way the Southern Pacific runs its trains through the town limits. This time the Town Trustees have taken cognizance of the matter, and the railroad will have to change its methods. The monthly report of the County Treasurer shows \$1900 was disbursed during the month, while the amount on bond was \$74,674.66.

Twenty thousand young trout will arrive here next week from the State hatchery, to be placed in the Ventura River.

The Board of Town Trustees has fixed the tax rate at 55 cents on each \$100 valuation. It was \$1 last year.

## SMITH HAS NO WALKOVER.

### ARIZONA REPUBLICANS EXPECT TO CAUSE HIS DEFEAT.

Campaign in Full Blast Throughout the Territory and Both Candidates for Congress Engaged in Vigorous Campaign—Assignments of Ministers by Methodist Conference.

PHOENIX (Ariz.) Oct. 22.—The campaign in full blast in Arizona. E. P. Fowler, the Republican nominee for Congress, is touring the southern part of the Territory and Mark Smith, the Democratic candidate, is taking in the northern towns. The prospect is giving much pleasure to the Republican managers. "Smith and Statehood" has been worked far too long to be effective again, and the people like better the Republican motto, "Efficiency." Fowler clubs have been organized already in Tucson and Phoenix. The local club at its first regular meeting attained a membership of 700, which will undoubtedly be increased within two weeks to 1500. H. L. Latham has been elected president and Thomas Prescott secretary.

Democratic headquarters have been established at Phoenix. E. P. Fowler, who is chairman, is significant that the Democrats will this year abandon the silver dollar and distinctive vignette on the official ballot. A letter addressed by Chairman Ellwood to the several county committees conveys the information that Arizona Democrats are to vote this year under a representation of an eagle. The Republican Vignette is the American flag. From all over the Territory advice is being received concerning the changing of old-time Democrats to the Republican side. "The Democrats are particularly sore over the departure of Hon. W. H. Barnes of Tucson, who has been one of the leading war horses of the party for the past twenty-five years. Judge Barnes is actively working in the East for the election of President Roosevelt, whom he admires as a man of action and a friend of the West. Several prominent Phoenix Democrats have expressed their intention of following Judge Barnes' course, because of admiration of the President, disapproval of the methods of the Democratic party in Arizona and dislike for the Congressional candidates nominated. Gov. Brodie has forbidden members of the Ranger force from taking any active part in politics in the coming election.

The itinerary of the Republican candidate for Delegate covers the following points: October 6, Tempe and Mesa; 12, Flagstaff; 18, St. Johns; 21, Snowflake; 22, Holbrook; 23, Winslow; 24, Williams; 25, Jerome; 26, Prescott; 27, Florence; 28, Kingman; 29, Yuma; 30, El Centro; 31, San Diego; November 1, Wilcox; 2, Nogales; 3, Tuma.

George H. Maxwell, chairman of the Executive Committee of the National Irrigation Congress, has written that he will come to Arizona to speak for the election of his friend, Mr. Fowler, with whom he has been intimately associated in the irrigation work. Maxwell will speak in Phoenix, October 15, in Florence on the 17th, in Yuma on the 18th, in Tucson on the 19th, in San Bernardino on the 20th, and in Bakersfield on the 21st.

**METHODIST ASSIGNMENTS.** The twenty-third conference of the Methodist Episcopal Church in Arizona has adjourned at Prescott. Bishop L. B. Wilson of Chattanooga presided and delivered a lecture on "Missions." Among the attendees from abroad were Rev. F. D. Bovey of Los Angeles, editor of the California Christian Advocate, and Miss Samson of Los Angeles, a deaconess, who spoke on the subject of home missions. Before leaving, Bishop Wilson was presented with a superb Apache basket. The service made include superintendents, S. J. Rogers; Bishop, L. W. Wheatley; Canones, A. M. Lumberton; Douglas, C. Dennison; Glendale, E. E. Doud; Globe, R. L. McKee; Jerome, W. M. Ayres; Kingman and Seligman, W. Z. Blair; Mesa, S. A. Smith; Needles, David Roberts; Phoenix, A. M. Gibbons; Prescott, A. E. Stohrer; San Bernardino, L. F. Talle; Williams and Ash Fork, E. G. Decker; Winslow and Holbrook, C. O. O'Connell; Yuma, J. A. Crouch. The Mexican State of Sonora has been added to the Arizona conference.

**WAS ONCE INSANE.** Douglas, the wild man thought to be Dunham, the California murderer, is now identified as Robert Cook, who was at one time an inmate of the Arizona Insane Asylum at Phoenix. He was sent here from Glendale, where he sustained injuries to his head by falling from a horse. He was from Travis county, Tex., where he is said to be well connected. For a while he lived among the Apache Indians, near San Carlos. He has been in the Territory about seven years.

### DOUBLE QUARTETTE.

#### That's the Number of New Pianos Sold Tuesday.

Down at the Pacific is where new pianos get a move on them. Right beauties got up and rolled out of our doors and into their new homes yesterday. What does this mean? Just this, a run on good pianos can be created in a day if the figures warrant it. What are the facts? The facts are we sell one end of a piano, give the other end and warranty the whole thing. Yesterday's sales mean just this: That good goods and little figures did the work. Today, little figures are perched on every piano in our beautiful month warehouses. "Elscher," "Baumeister," "Crown," "Knabe" and the whole lot—get in on this while you can. Prices—it seems too ridiculous to be true, but you have to know about it, so here goes: Pianos of the \$200 grade right around \$250, and \$225 pianos at \$275. Such styles as usually bring \$450 only \$275. All \$400 goods at \$225, and others worth \$300 and \$350 at \$195, and two or three at still less prices. Now it's up to you whether you take a hand with us in this game in which you can be a sure winner. If you have any possible use for a piano, this is your chance to buy it. Put \$25 in your pocket and come to us today and see what you really can do for yourself. It costs not a penny to look, so come right in before it's too late. It's up to you. Open day and night. Pacific Music Co., 427-429 S. Broadway.

## DAUGHTERS FAIR, LIVELY FLARE.

### SO AWFULLY MIXED UP AMONG THE TECHNICALITIES.

Women of Confederacy Develop Confusion of Amendments Which Proves Temporary Undoing of Convention—Santa Ana Woman Again Chosen President.

The vexed question is settled for another year. Mrs. Victor Montgomery of Santa Ana was elected president of the California division, United Daughters of the Confederacy at the closing session yesterday afternoon. Her election was strongly opposed by the Robert E. Lee Chapter of Los Angeles and an opposition ticket was put up with Mrs. Will S. Green of Culiacan as the candidate. The vote stood thirty-six to twenty-five in favor of Mrs. Montgomery. The announcement of her reelection was received with a storm of applause lasting several minutes and which proved a safety valve for the pent-up excitement of two whole days. The other officers elected are Mrs. Winifred of Redlands, first vice-president; Mrs. Emma D. Lake, San Diego, second vice-president; Mrs. William Johnston, Los Angeles, recording secretary; Mrs. E. C. Bower, corresponding secretary; Mrs. W. J. Giesbrecht, treasurer; Mrs. Churchill, San Francisco, registrar; and Mrs. Queen of San Francisco, historian. The second day's session was opened with an invocation by Rev. E. P. Ryland and was thrilled by the sweet voice of Miss Kate Ebbert in two vocal selections. Many reports were the order of the day.

**PUZZLED DELEGATES.** All went well through the thoroughly parliamentary dealing of the president, but amendments to the constitution and bylaws and amendments to the temporary undoing of the convention, and numerous little private caucuses of two or three, made things so confusing that many of the delegates voted every third question was put. Only slightly puzzled expressions of countenance betrayed the confused mental attitude of some of the delegates.

Again and again the president explained the questions and technicalities. By the time "Article Ten" was reached the convention understood and was thoroughly aroused. This article seems harmless to the casual observer, but as it gives to presidents of chapters, large chapters and small alike, the right to vote, it was argued that large chapters would unjustly be losers thereby. Court in the first place and precedence in the second seemed to claim this as the inalienable right of presidents of chapters, and there was heated objection to its being incorporated into the constitution, and fair faces flushed and hands were raised to a high falsetto key as the article finally passed in spite of objections.

**VIOLENT STR.** The afternoon session was begun with music by Mrs. Franklin. Still further attention was given to the unfinished business, in the midst of which a temporary excitement was precipitated by an over-zealous adherent of Mrs. Montgomery arising and accusing some person or persons of insulting the chair, and offering violent resolutions as to the treatment of the said person or persons. Very few understood what the tempest was about, the convention seemed stunned for the moment, but the chair intervened to dissolve the situation. A brilliant reception took place last evening at the Dobson Institute. Mrs. W. L. Graves, Mrs. Matthew Robertson, Mrs. A. W. Hutton, Mrs. Albert M. Stephens, Mrs. Cameron Thom, Mrs. E. C. Bower, Mrs. William Johnston, and the members of the local committee, Mrs. J. E. Pond, Mrs. John Smith, Mrs. M. A. Cumpton, Mrs. Mary Holmes, Mrs. Anna Butcher, Mrs. John W. Hite, Mrs. C. C. Rutherford, Miss Byrdie McCaughey, Mrs. Donald Frick, Mrs. Cliff Page and Mrs. Mary Smith greeted the visiting delegates and friends.

**A Great Army of Workers.** The enormous size of the Krupp works at Essen, Germany, may be appreciated when it is known that the total number of employees is over 80,000 with 4190 officials. The average daily wage in 1933 was 32 cents. It has been steadily increased, and last year had reached \$1.92.—(Pittsburgh Press.)

## BAPTIST HOSTS.

Thompson of Pasadena, as moderator. Reports were read from all parts of the district, showing the Sunday-school end of the church's work to be in a flourishing condition. Last night was the anniversary of the Baptist Young People's Union, presided over by George A. Hart of Long Beach.

**Why the Hump is There.** "Can you tell me," said the seeker after knowledge to the showman, "what the hump on the camel's back is for?"

"What's it for?"  
"Yes, of what value is it?"  
"Well, it's of lots of value. The camel would be no good without it."  
"Why not?"  
"Why not? For don't suppose people 'd pay sixpence to see a camel without a hump, do yer?"—(New York Tribune.)
